PROFESSIONAL SUMMARY

MCA student with a strong foundation in Computer Applications and hands-on experience in Python, Django, PHP, MySQL, and web technologies. Developed academic projects such as web-based booking systems and e-commerce applications, with a focus on designing intuitive user interfaces and implementing robust backend functionality.Looking to kickstart a career in software development by applying strong programming fundamentals and a problem-solving mindset.

EDUCATION

Master of Computer Applications (MCA) 2025 - 2027
Santhigiri College of Computer Sciences,Vazhithala *CGPA : 7*

Bachelor of Computer Applications (BCA) 2022 - 2025
JPM Arts and Science College,Kanchiyar *CGPA : 6.59*

Higher Secondary Education 2020 - 2022
Govt.HS School,Marayoor *Percentage : 73%*

INTERNSHIP

Project Trainee | Internship Feb 2025 - Mar 2025
Luminar Technohub Pvt. Ltd.

- Successfully completed the Carelink academic project.
- Developed the project using Python Django, HTML, CSS, and JavaScript.
- Worked on a web-based platform for booking medical devices and home nurse services.

Technologies / Skills Used : *Python, Django*

Web Development Project Trainee Oct 2024 - Dec 2024
G-TEC Computer Education

- Completed a 3-month practical training program focused on web application development.
- Built a Salon and Spa web application as a hands-on project.
- Developed the frontend using HTML, CSS, and JavaScript.
- Implemented backend functionality and database management using PHP and MySQL.
- Gained practical experience in developing, testing, and managing web-based applications.

Technologies / Skills Used : *PHP, MySQL, HTML, CSS, JS*

PROJECTS

AI Diet Plan Management System

- Developed a web-based application that generates personalized diet recommendations using Gemini AI based on users' health profiles, fitness goals, and food allergies.
- Integrated AI-generated 7-day diet plans with meal schedules and nutritional recommendations.
- Enabled diet consultants to review, modify, and approve AI-generated diet plans before sharing them with users.

Technologies / Tools Used : *HTML, CSS, JS, PHP, MYSQL, Bootstrap, Gemini AI, Laravel*

Carelink — Main Project

- Developed a **web application** for **booking medical devices** and home nurse services.
- Implemented a **product purchasing feature** within the platform.
- Designed the application to provide convenient access to medical-related services and products.

Technologies / Tools Used : *Python, Django, HTML, CSS, JavaScript, MySQL*

SKILLS

Web Technologies :	HTML, CSS, JavaScript
Programming Languages :	C, C++, Python, PHP
Database :	MySQL
Office Tools :	MS Word, MS Excel

CERTIFICATIONS

Cyber Security and Ethical Hacking
Department of Computer Science, JPM Arts and Science College | Jan 2025 – Feb 2025

- Completed a comprehensive 30-hour training program focused on foundational cybersecurity principles and ethical hacking techniques.
